

GOVERNMENT DEGREE COLLEGE PAMPORE

Tulibagh, Pampore - 192121 (District Pulwama) Kashmir

Department of Zoology

One-Day Practical Workshop on

Blood Grouping & Haemoglobin Estimation

"Know Your Blood Group – It Can Save Your Life"

Patron:
Principal Prof. Dr. Gazala Gaiys

Chief Coordinator: Prof. Samina Yesvi
— Head, Department of Zoology —

 **Venue:**
Multipurpose Hall

 **Date:**
14/05/2026

 **Timing:**
11:00 am

 **Who Can Participate?**
All Students
& Faculty Members

 **Registration Time:**
10:00 – 10:45 am
on 14/05/2026

*Enhance your understanding of blood groups and
haemoglobin estimation techniques.*

All Students and Faculty Members are Cordially Invited.

Report on One-Day Practical Workshop on Blood Grouping & Haemoglobin Estimation

The Department of Zoology, Government Degree College Pampore, successfully organized a One-Day Practical Workshop on Blood Grouping and Haemoglobin Estimation on **14 May 2026** at the College Multipurpose Hall. The workshop was conducted with the objective of creating awareness among students regarding blood groups, haemoglobin estimation techniques, and their importance in healthcare and emergency situations.

The programme was formally inaugurated by the worthy **Patron, Principal Prof. Dr. Gazala Gaiys**, who appreciated the initiative of the Department of Zoology and highlighted the importance of practical and skill-based learning among students. Subsequently, the workshop proceedings were carried forward under the supervision of the **Chief Coordinator, Prof. Samina Yesvi, Head Department of Zoology, Dr. Javaid Ahmad Shah, Dr. Mohammad Amin Wani and Dr. Saima Andrabi**.

This workshop holds special significance as it was the first practical workshop organized by the Department of Zoology. The programme witnessed enthusiastic participation from students and faculty members. Nearly 100 students, including both boys and girls, along with faculty members, registered for the workshop. The results were shown below

Table 1. Blood grouping Profile

Participants	A ⁺	AB ⁺	A ⁻	O ⁺	O ⁻	B ⁺	B ⁻	AB ⁻	Total
Boys	11	06	0	12	0	07	0	01	37
Girls	09	06	0	18	01	13	02	01	50
Faculty	0	02	0	03	0	06	0	0	11
Grand Total	20	14	0	33	01	26	02	02	98

Table 2. Heamoglobin Range Hb g/dl

Participants	6-8.	8.5- 12	12-14	Total
Boys	0	16	12	28
Girls	14	10	0	24
Faculty	0	03	10	13

The practical demonstrations on blood grouping and haemoglobin estimation were successfully performed by the students of 4th and 6th Semester, who

actively showcased the procedures and explained the techniques to the participants. The demonstrations helped participants gain hands-on knowledge and understanding regarding identification of blood groups and estimation of haemoglobin levels.

The workshop was conducted smoothly with active academic and administrative support from the faculty and staff members. The Department of Zoology expressed heartfelt gratitude to the college administration, especially the worthy Principal **Prof. Dr. Gazala Gaiys**, for her constant encouragement and support. Special thanks were also extended to **Dr. Bilal Ahmad Dar**, Department of Mathematics, for his valuable cooperation and assistance.

The department also acknowledged the wholehearted contribution and tremendous efforts of **Dr. Javaid Ahmad Shah, Dr. Mohammad Amin Wani, and Dr. Saima Andrabi**, whose dedication played an important role in making the workshop successful. Sincere thanks were also conveyed to **Dr. Bilal Bashir Bhat**, Department of Chemistry, for actively participating and contributing to the workshop activities.

The Department further appreciated the efforts of the supporting staff members including **Mr. Manzoor Ahmad** (Lab Assistant), **Mr. Fayaz Ahmad**, and **Mr. Aman-Ullah** for making the necessary arrangements and ensuring the smooth conduct of the programme.

The workshop concluded successfully with active interaction among participants and positive feedback from students and faculty members. The

programme proved to be an informative, practical, and enriching experience for all participants and marked a significant achievement for the Department of Zoology.

GLIMPSES OF THE WORKSHOP
